The EasySpeak Method means results for you

Hello!

Welcome to U-Learn. Students have been coming to us for over 20 years to learn and perfect their language skills. Over that period we've learned a thing or two as well. Primarily, we have learned that successful and creative learning comes first from the student. Our aim is to allow students to access that potential.

Why do students at U-Learn learn faster and more successfully than students in other learning environments? Mainly because we have developed a unique, structured approach to language learning that puts the learner at the centre of a Teach, Review, Teach process. It's called the EasySpeak method and it will guide and support you as you progress faster than you ever could have imagined.

Total English Courses

Follow the EasySpeak Method with our Total English courses. Designed to provide instruction to all levels of learner, the Total English courses will advance all aspects of your understanding from grammar to vocabulary building. We will assist you in directing and controlling your own learning.

How do you do that? It begins with our approach to assessment. While we assess students level we also interview them and pass on valuable information and preferences to their teacher. Personalizing the learning experience makes it fun and interesting.

The Total English course aims to improve:

- Lexical Vocabulary Building
- Varied Grammar Focus
- Pronunciation practice with native teachers
- Speaking & Listening Skills

Cambridge Examination Courses

Recognition of your English level is increasingly an important issue with EFL students. We provide the following services:

- Conduct initial assessment of all EFL students
- Ongoing preparation courses for Cambridge exams throughout the academic year
- Personal consultation with the Director of Studies twice a week

Last year U-Learn's success rate in the FCE and CAE was 94%. The reasons for this?

- We employ the best quality experienced EFL teachers
- A well designed, structured syllabus
- Individual supervision and advice from the Director of Studies available weekly
- Practical advice and workshops given on the Cambridge marking scheme

Junior Programmes

The U-Learn Junior Programme brings students aged 17 and under to the picturesque coastal town of Malahide. Malahide is a secluded suburb of county Dublin. It provides a safe and secure learning environment for young students. Malahide also affords students an opportunity to enjoy a range of social and sporting activities in a relaxed, seaside atmosphere. Some of the activities include:

- Tennis, Golf, Tag Rugby, Sailing, Soccer, Irish Sports, and Fishing.

Some of the Weekend Excursions include guided tours to...

- Glendalough, Wicklow, ("The Garden County") PowersCourt, The Japanese Gardens, Trips to Cliffs of Moher & Galway.

Visit our website now for more details on all courses activities!

Au Pairs

Working on a par with learning!

'Au Pair' is French for 'on a par'. This describes the way au pairs should be treated as a member of their Host Family. U-Learn's Study and Work Au Pair Programme offers students two great opportunities in one simple package:

- 1) Learn in U-Learn's relaxed and comfortable classroom environment,
- 2) Continue to practice and perfect their new skills in with their Host Family.

Recent British Council studies on 'Blended Learning' suggest that most language learning takes places outside the classroom. U-Learn's Study and Work Au Pair Programme blends classroom learning with practical experience of conversing and living with an Irish family.

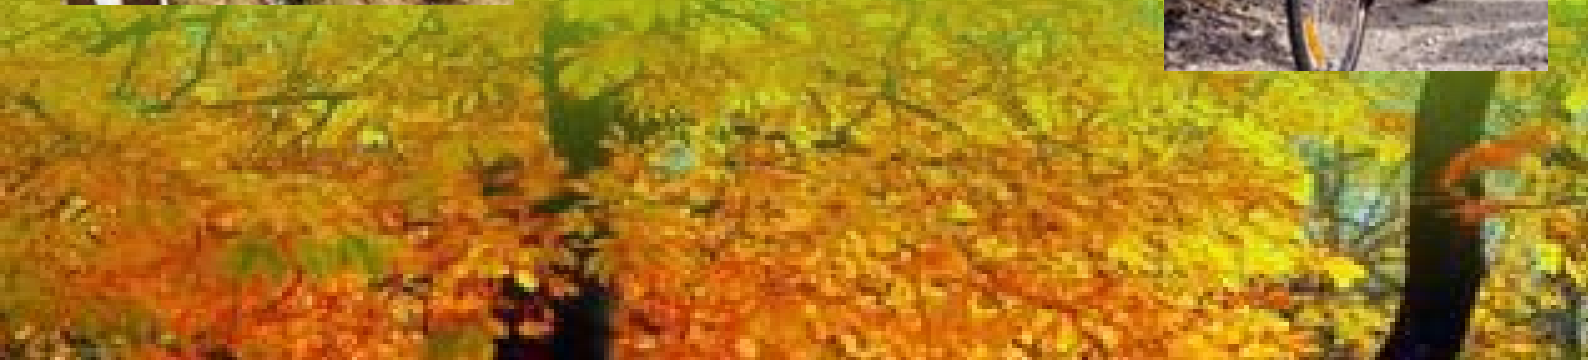

Extracurricular

No matter how much fun students have during class time, there is always a need for some well-deserved 'down-time'. Students achieve better results with less stress. We try to remind students and their friends that language is a social tool. We offer students and friends..

- Free Movie Nights
- Weekly Cultural Outings
- Weekly Sports Events
- Weekly Pub Nights -you can enjoy a drink with your instructors and fellow students
- Free Monthly Parties held in the school

MEET THE TEAM...

Neil S.J. Mc Mahon. Managing Director.

Neil is a Psychology graduate from University College Dublin. He has worked in the EFL industry for over 10 years. He has extensive experience in the field of marketing and web development. Neil enjoys playing the guitar in his free time and he can often be spotted cycling around the Dublin hills at weekends.

Stephen Porter. Director of Studies.

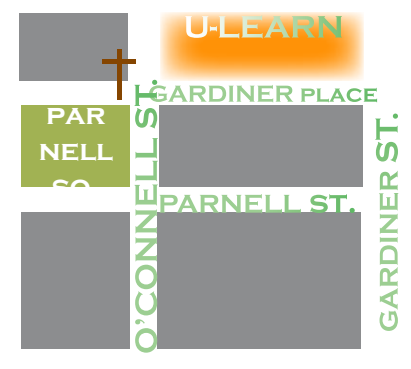

Stephen is a native of Cork city and an American Literature Masters graduate from University College Dublin. Stephen was an EFL teacher for seven years. He is currently the Director of Studies and provides support and assistance to students and teaching staff. He is a fan of classical music and is an active member of Dublin's Storytelling community.

Massimo de Faveri. Operations Manager.

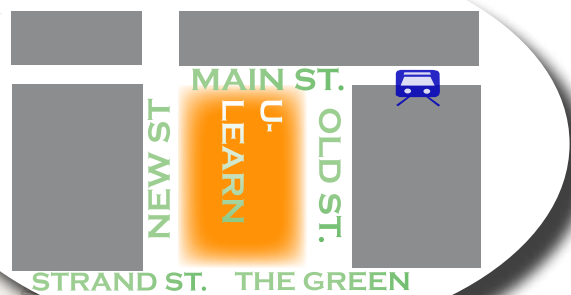

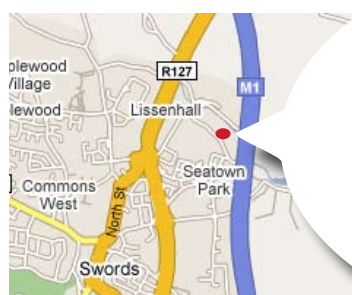

Massimo was born near Venice, Italy. He is experienced in web development and web design. He has developed a proprietary database system for EFL schools. Massimo is a classical guitarist. Since his arrival here two years ago he has travelled extensively throughout Ireland.
